YOUR DETAILING EQUIPMENT

**WORK STUFF is a brand of accessories and equipment for detailing.
Assumption is simple, provide you with the highest quality accessories and equipment. We are launching a revolution in
the accessory market!
You will soon find out that in WORK STUFF there are no compromises starting with the "goods" ending up on the
packaging.**

We officially started in January 2018, but we are connected with detailing market for about 4 years.

WORK STUFF - Is high quality accessories brand. For now we got 23 positions in our range. Like microfibers, buckets, applicators and detailing brushes.

We focus on quality, that's why our microfibers come from Korea and brushes are made in Poland.

We also focus on the appearance of our products. Microfibres are packed in DOYPACK packaging. Thanks to this, they are displayed standing. Some of them also have a hotembossed or embroidered logo.

Our brand is now available in 19 countries such as:

- 1. Poland**
- 2. Germany**
- 3. Russia**
- 4. Croatia**
- 5. Czech**
